**Supplementary Appropriation Data Table for History of Congressional Appropriations, Fiscal Years 2020 - 2022**

**Footnotes**

- 1/ The 21st Century Cures Act, 2016 (P.L. 114-255) authorized \$4.8 billion to NIH over a 10 year period, with initial allocations in FY 2017. For FY 2020, a total of \$492 million was appropriated: \$195 million for NCI, \$70 million for each of NINDS and NIMH, and \$157 million for OD. For FY 2021, a total of \$404 million was appropriated: \$195 million for NCI, \$50 million each for NINDS and NIMH, and \$109 million for OD. For FY 2022, a total of \$496 million was appropriated: \$194 million for NCI, \$76 million each for NINDS and NIMH, and \$150 million for OD.
- 2/ Discretionary resources of nearly \$40.3 billion received under the Further Consolidated Appropriations Act, 2020 (P.L. 116-94). NIGMS allocation includes \$1.231 billion derived from PHS Evaluation financing and NIDDK includes mandatory funding for the Special type 1 diabetes account as shown in the Supplementary Data Table.
- 3/ Amounts exclude supplemental appropriations provided for COVID-19 research from P.L. 116-123, P.L. 116-136, P.L. 116-139, and P.L. 116-260. IC distribution of the additional budgetary resources for COVID-19 supplemental appropriations is furnished in the Supplementary Data Table.
- 4/ Discretionary resources of nearly \$41.5 billion received under the Further Consolidated Appropriations Act, 2021 (P.L. 116-260). NIGMS allocation includes \$1.272 billion derived from PHS Evaluation financing and NIDDK includes mandatory funding for the Special type 1 diabetes account as shown in the Supplementary Data Table.
- 5/ Discretionary resources of nearly \$43.7 billion received under the Further Consolidated Appropriations Act, 2021 (P.L. 117-103). NIGMS allocation includes \$1.309 billion derived from PHS Evaluation financing and NIDDK includes mandatory funding for the Special type 1 diabetes account as shown in the Supplementary Data Table. P.L. 117-103 authorized the establishment of Advanced Research Projects Agency for Health (ARPA-H) within the Department Health and Human Services with authority to transfer to NIH.
